The level one nursing curriculum requires that students and faculty utilize a handheld/mobile device loaded with specific medical and nursing references. This will be an essential tool for your clinical experience as well as some classroom assignments.

MSU has collaborated with Skyscape, a digital reference vendor, to offer the required digital references at a discount. This package is available online only. It cannot be purchased at any of the MSU bookstores. A website has been set up specifically for MSU nursing students. It can be accessed at the following URL: http://www.skyscape.com/msucon. The following electronic resources are required:

1. **RN Constellation Plus** which includes:
   - Davis’s Drug Guide for Nurses
   - RN Notes: Nurse, Clinical Pocket Guide
   - Diseases and Disorders: A Therapeutic Nursing Manual
   - Davis’s Comprehensive Handbook of Laboratory and diagnostic Tests with Nursing Implications
   - Taber’s Cyclopedic Medical Dictionary
   - Archemedes 360 Medical calculator
   - MedAlert
   - Life Support 360

   Total $155.00

When ordering the references you will be required to select a platform. If you wish to use an alternate handheld/mobile device such as your own Palm, Blackberry, iPhone, etc. the following platforms will work with the required references:

   - iOS 5.1 or higher
   - Blackberry 4.1 to 7
   - Windows Desktop PC
   - Android 2.1 or Higher
