APPLIED PHARMACOLOGY FOR PRIMARY CARE
NUR 809
Section 731, 732, 733
On-Line
Spring 2009

Catalog Course Description: Clinical application of advanced pharmacology and pharmacotherapeutics for common disease conditions encountered in primary care settings. Principles of altered pharmacodynamics relative to age, race, and ethnic groups. Cost/benefit aspects of pharmacological interventions.

Course Objectives: At the end of this course, students will:
1. Apply the principles of pharmacology relative to pharmacotherapeutics across age levels including the effect of race, ethnic group, and special populations on drug dosing and drug selection regimens.
2. Discuss the indications, rationale, efficacy, and risks for pharmacotherapeutic agents commonly prescribed in primary care settings.
3. Analyze the rationale for selection of medications used to treat individuals with frequently encountered primary care conditions based on factors such as pharmacokinetics, cost, efficacy, genetic characteristics, adherence, and quality of life issues.
4. Describe strategies for monitoring expected effects and potential adverse effects of medications including legal and ethical ramifications

Prerequisites: NUR 805

Co-requisites: None

Professional Standards & Guidelines: The curriculum is guided by the following documents:

Faculty: Patty Peek MS, PNP-BC
Associate Professor
ppeek@msu.edu
Note: Office hours can be arranged to accommodate student schedules.
Instruction:

a. Required Texts:

(you are not required to purchase the study guide)

AND

The *Prescriber’s Letter*: a monthly update of pharmacology news as well as a password protected electronic resource for extensive pharmacology information. You will have weekly required readings from the website. “Each student is expected to subscribe to this publication. There are multiple readings from this including readings for week 1. For regular MSU students, you will need to subscribe by going to [http://nursing.msu.edu/prescribersletter.aspx](http://nursing.msu.edu/prescribersletter.aspx) In order to receive the MSU discount, you must subscribe through this link by **JANUARY 9, 2009**. If you do not pay by this date, you will need to go through the Prescriber’s Letter (as above) and pay the student rate (which is slightly higher than the MSU student rate).

If you are a LIFELONG EDUCATION student (not regular MSU student) you will need to go to the Prescriber’s Letter website [http://www.prescribersletter.com](http://www.prescribersletter.com) and request a student rate. Our contact is Sharon Gunishaw and she will be able to attest that you are eligible for the student rate.

Electronic references will be used throughout the course to supplement text readings and course content.

Textbooks may be purchased online at [http://www.spartanbook.com/](http://www.spartanbook.com/) Enter the semester, year, course number and section number for a list of textbooks for your course.

Evaluation:

a. Learning Assessments and Grading:

Grades will be determined by adding all of the course activities together and arriving at a specific number (point total). The MSU 4.0 grading system will be utilized to report final course grades.

Points will be rounded to whole numbers using the 0.5 rules. Points at ≥ 0.5 will be rounded up while those < 0.5 will be rounded down to the nearest whole number.

There is no opportunity for “extra credit” in this course.

Always check with the ANGEL Help Line first!

ANGEL Communication Guidelines & Rules of Conduct

Please go to http://angel.msu.edu, login, and click on the Online Teaching/Learning-ANGEL group for examples of netiquette and ANGEL communication guidelines. The course will also provide you with some online discussion guidelines.

Library Resources

1. Library Services: http://www.lib.msu.edu/services/
2. MSU Library: http://www.lib.msu.edu/
3. Proxy server: To access MSU library resources from an off-campus site you must set up a proxy server. Directions to set up a proxy server are at:
   http://techbase.msu.edu/viewpathfinder.asp?id=2507

Disability Resources and Services

The full range of disability resources and services for students is located at:
http://www.msu.edu/current/index.html

*University & College Policies:

The College of Nursing expects that students will demonstrate professional behavior in all situations. Specific expectations for clinical and other professional venues can be found in the appropriate handbook. You are responsible for reviewing and acting in accordance with the policies and procedures found in the following sources, including the following topics: Professionalism, Academic Integrity, Accommodations for Students with Disabilities, Disruptive Behavior, Attendance, Compliance, and Progression.

- CON Student handbook http://nursing.msu.edu/handbooks.asp
- Information for Current Students—including Rights, Responsibilities and Regulations for Students http://www.msu.edu/current/index.html
- Academic Programs http://www.reg.msu.edu/UCC/AcademicPrograms.asp

Additional Course Content

Instruction:

c. Methodology:

NUR 809 uses an online format which serves as a web-based classroom. The course has no “real time” requirement so students are able to access the course at times generally convenient to their individual schedules.

The format of the classroom is the same each week. Click onto the LESSON for the week and you will see an overview page which will introduce you to the content to be covered. One case will be briefly introduced and you will also be able to look at some of the most recent news in the world of clinical pharmacology.

As you scroll down the page, you will see links to background readings, lecture content, cases and discussion areas. New content for each week will be posted on the Friday prior to the class date on the calendar. It is wise to check in on the class frequently since it is also a place where the instructors will be able to post announcements and other news.

You can access the class by going to http://angel.msu.edu Once you are enrolled in the course and have activated your MSU email account, you will be able to log on and find the 809 course. Click on the class and you will be taken to the course spot! Make sure to spend some time to orient yourself to the site. Again, check in frequently (at least twice per week). If you would like to have your MSU email forwarded to your preferred email account, you can do this by going to http://mail.msu.edu

In order for the discussion room to work effectively, a few “rules” have been developed (these will be discussed in more depth online):

--try to keep your discussion in the “right room”. In other words, it helps everyone if the discussion fits the conversation. For example, it is best to keep discussion of hypertension management in cardiovascular rather than in the discussion ethics of prescribing.
--if you find you want a new conversation added, please let your instructor know. This is best done via a message in the discussion room
--check in frequently since we will use it to make announcements about readings, new web sites, changes in schedule etc.
--remember that the discussion is OPEN to many people in the course so your more private conversations with either faculty or other students may be best done via email.
--If you find some new websites or articles that you think others would like to see, please post them. To do this in ANGEL simply type the URL in (including the http://). The online course will have more in depth discussion of the web based classroom and how to use it!!!
Evaluation:
  a. Learning Assessments and Grading:

Technology Requirements
In order to fully participate in the online course experience, it is important that you have the appropriate technology available. Please go check the current requirements at http://nursing.msu.edu/downloads/Hardwareandsoftwarereq2006_000.pdf

Grading
There are 10 quizzes throughout the semester. 9 of the quizzes are UNTIMED. Each untimed quiz covers one to two weeks of content. Quizzes are posted at 8a on Fridays and MUST be submitted by 23:59p on the following Wednesday. (please see "quiz tips" in the introduction week content for more information on the specifics of taking the quizzes).  One quiz is a timed quiz which must be taken at the time it is opened up (ie., you cannot download it, print it and take five days to complete)

There is a timed, comprehensive final exam. You will be allowed one hour to complete the final exam.  The exam will be open on Monday, April 27 at 12:01 am, and will close on Thursday, April 30th at 11:59:00 pm. Times posted are EASTERN time. Please schedule your exam time into your personal calendar NOW. The days for the exam cannot be altered so it is important that you have time set aside sometime during those dates.  Once you log onto the exam, you must complete it.

Unless there is an unexpected emergency EVERYONE is expected to take the exam during the scheduled days (a family vacation, etc., does not constitute an unexpected emergency). You are highly encouraged to plan far in advance to be free from other work responsibilities for that time

Each quiz is worth 7.5% (10 quizzes = 75% of grade).

Final exam is worth 25% of grade. It is comprehensive and will include content from the entire semester.

The discussion forums are an important component of the course. Active, relevant, professional and ethical participation is expected. Although you are not graded on your discussion participation, it is a valuable learning tool and all students are highly encouraged to be active discussants.

The grading scale used is based on the MSU 4.0 system. Grades will be rounded off to the nearest whole number using the “O.5” rule. Grade percents will be rounded up or down. For example, if the grade is 86.50%, it will be rounded to 87. If it is 89.45%, it will be rounded to 89%.

End of semester grades and transcripts

MSU no longer sends grades to individuals. As soon as the final grades are submitted (usually the week following final's week), you will be able to access your grade report by going to the Student info site. https://ntweb1.ais.msu.edu/StuInfo/

If you require a transcript of the grade sent to another University, you may also do that online by going to http://www.reg.msu.edu/StuForms/TranscriptRequest/Transcript.asp. Again, this can only be done after the final grades have been submitted to the registrar and grades recorded by the University (generally completed on the Wednesday following final’s week).
Course Policies:

Academic Integrity

Please read each part of the following site to fully understand your responsibilities and the position of the University regarding:

- cheating,
- plagiarism,
- MSU regulations, ordinances and policies regarding academic honesty and integrity
- Academic Integrity links
  http://www.msu.edu/unit/ombud/honestylinks.html

Academic dishonesty in any form will not be tolerated in the College of Nursing. Any student involved in academic dishonesty will be reported to the Office of Academic Affairs and the Office of Student Affairs in the College of Nursing and a grade of 0.0 may be issued for the course.

Lectures, quizzes and examinations must remain the property of the College of Nursing and must not be copied from the internet. According to university policy, consequences for academic dishonesty may include failure of the course, expulsion from the major, or expulsion from the university.

Online discussions and exercises are confidential and should not be discussed with others who are not enrolled in the class. It is important for each course participant to express his/her ideas. All ideas need to be respected in discussions and exercises. Any “group projects” that are required, still require individual work as a minimal expectation.

For further information you can access any of the following sites:

- MSU Spartan Life Student Handbook and Resource Guide
  http://www.vps.msu.edu/SpLife/index.htm
- Information for Current Students – including Rights, Responsibilities and Regulations for Graduate Students
  http://www.msu.edu/current/index.html
- International Studies and Programs
  http://www.msu.edu/international/index.html

Calendar

The calendar for assignments and content is available within the course. Classes begin the week of Jan 12, 2009. You will be able to access the course at http://angel.msu.edu anytime from 12:01a on May 12.

Prior to the start of the course, the faculty will email you with the required reading list for week one so that you may prepare for the introductory week content.

The MSU academic calendar with important dates is located at:
http://www.reg.msu.edu/ROInfo/Calendar/Academic.asp
